

K-love Radio is an important part of my life as it is for many other people in my community. It goes with me on a daily basis to work in the early morning. I am so grateful to have a radio station like this. \*Also, when I wake up in the middle of the night (with nightmares) I am thankful to be able to turn on this station and have something there that takes away the fear.

I believe that K-love is an important part of every community who receives this station. There is joy in the music that you hear 24/7 on this station, as well as an uplifting spirit. Music like this can change people's lives, I know it has mine. Knowing that when I am going through trials in my life, I can call K-love 24/7 and know without a doubt, that I will have people praying for me, who care and love me. Imagine, if this radio station can do this to one person's life, what an impact it can have on everyone else who hears this music. I would ask that you please think carefully and pray about making these drastic changes to our K-Love Radio station. Because the decision that will be made about this LPFM/ K-love station, will affect people more than just what music they are listening to.

I will be moving to Florida soon (I am now in CO) and hope and plan to have K-love there with me. Someday I hope my husband and kids will get to hear the same encouraging music and messages that I get to hear every day on K-love.

Thanks, Marcy Littrell
